

The Every Student Succeeds Act (ESSA) requires that all school districts provide transparency in regards to how its learners are assessed. In compliance with ESSA, as well as State and Federal Department of Education mandates, the Lennox School District has made public the following list of assessments, their purpose, and approximate time frame. The results of any and all assessments administered by the Lennox School District and its staff can be made available to parents/guardians upon request and, when applicable, will be sent home in the form of a score report. **Please note that not every learner takes every assessment listed below.** Any questions regarding assessments can be directed to Dr. Kym Johnston, Curriculum Director and K-12 Assessment Coordinator at (605) 372-4114.
