**Article V Grievance Procedure**

**A. Definition**

The word "grievance" as used in the Agreement shall mean a complaint by a certified teacher, group of certified teachers or the Association based upon an alleged violation, misinterpret or inequitable application of any existing agreements, contracts, policies, rules or regulations of the Lennox School District.

The term "certified teacher" is to mean any certified professional employee not classified as administrative personnel.

**B. Principles**

The purpose of this procedure is to secure at the lowest possible administrative level equitable solutions to the problems which may arise affecting the welfare or working conditions of certified teachers.

All parties agree that these proceedings shall be kept as informal and confidential as may be appropriate at any level of this procedure.

Nothing herein contained shall be construed as limiting the right of a certified teacher having problem to discuss the matter informally with any appropriate member of the administration or with any appropriate representative of the association at any time.

Any certified teacher or group of certified teachers has the right at any time to present any grievance to such persons or board through such channels as are hereby designated for that purpose.

All written and printed matter dealing with the processing of a grievance will be filed separately from the personnel files of the certified teacher and shall not be used in any evaluation or disciplinary action.

### ***C. Informal Level***

If a certified teacher has a grievance, he/she shall meet with the immediate supervisor in an effort to resolve the problem informally within twenty (20) days of the incident.

### ***D. Formal Level***

1. IMMEDIATE SUPERVISOR. If the grievance remains unresolved at the informal level, the grievant/association may present the grievance within twenty (20) working days to the immediate supervisor in writing. The immediate supervisor shall set a meeting date as soon as possible, but in any event, no later than **ten (10) working days** after the grievance has been filed. Within **ten (10) working days** after the meeting, the immediate supervisor shall serve a written decision and the reasons therefore upon the party and parties involved and the association.
2. SUPERINTENDENT OF SCHOOLS. If the grievance remains unresolved at the immediate supervisor level, the grievant may refer the grievance to the superintendent within **ten (10) working days**, of the immediate supervisor's written disposition of the grievance. The superintendent shall arrange with the grievant for a meeting to take place as soon as possible, but not later than **ten (10) working days** after receipt of said disposition. **Within ten (10) working days** after the meeting, the grievant/association shall be provided with the superintendent's written response, including the reasons for the decision.
3. SCHOOL BOARD. Within **ten (10) working days** after receipt of the above disposition, if the grievance remains unresolved, the grievant may appeal to the school board. The board shall hold a formal hearing within **fifteen (15) working days** and serve a written disposition of the matter on the party or parties and the LEA within **fifteen (15) working days** after the hearing.
4. DIVISION OF LABOR AND MANAGEMENT RELATIONS. If the grievance remains unresolved, the grievant may appeal in writing to the Division of Labor and Management Relations within thirty (30) working days of the date of the written board decision.

### ***E. Time Limits***

Since it is important that grievances be processed as rapidly as possible, the number of working days indicated at each level should be considered at maximum, and every effort should be made to expedite the process. The time limits specified may, however, be extended by mutual written agreement.

In the event a grievance is filed at such a time that it cannot be processed by the end of the school year, the time limits set forth herein may be reduced, by mutual agreement, so that the grievance procedure may be completed prior to the end of the school year or as soon thereafter as is practical.

Unless mutually agreed, if the certified teacher fails to appeal within the time limits established, the grievance shall be considered void. Likewise, if the employer fails to respond within the time limits, the grievance shall be considered resolved based upon the requested remedy.

### ***F. Class Grievance***

Class grievance involving one or more certified teacher or one or more supervisors, and grievances involving an administrator above the building level may be initially filed by the Association as provided in the FORMAL LEVEL of this article.

### ***G. Representation***

Nothing in the Negotiated Agreement shall deny or restrict the grievant the right to have grievances adjusted with or without the involvement of the LEA at all levels provided that the adjustment of the grievance is not inconsistent with this Negotiated Agreement and provided that the LEA representative has been given an opportunity to be present at all levels, if requested by the grievant or the L. E. A.

### ***H. Grievance Withdrawal***

A grievance may be withdrawn at any level without establishing precedent.

### ***I. Days Defined***

The term "days" when used in this Article shall mean calendar days not including Saturdays, Sundays, legal holidays or summer breaks.

### ***J. Waiver of Steps***

In the event the requested remedy is beyond the power of the immediate supervisor to grant, the grievance may be filed initially with the superintendent as provided in the FORMAL LEVEL 2 of this Article.

### ***A. Staff Reduction in Force Procedures***

When, in the sole, exclusive and final judgment of the board, upon the recommendation by the administration, a reduction in certified teachers is deemed necessary, the administration shall attempt to accomplish same by attrition if said attrition occurs before April 15. The education association shall be notified that a reduction in force may occur. The LEA's recommendations will be considered by the administration if received within fourteen (14) days of issuance of the notice.

In the event reduction in certified teachers cannot be adequately accomplished by attrition and given the necessity to hire and/or maintain the most competent and qualified certified teachers available, the following will be done:

1. Positions held by persons with less than full certification for their current teaching assignment (defined as a holder of an Authority to Act-a substitute or limited

2. Any certified employee not rehired under this provision will be placed on a tentative certificated candidate list for a period of two (2) years. Entry on this list will ensure consideration for any position for which the former certified employee is qualified to teach.
3. A certified employee recalled shall have all benefits, to which he/she was entitled at the time of termination, restored effective on the date a new contract begins, following recall.
4. The certified employee will be placed at the salary level for the certified employee's position according to the certified employee's experience and education at the time his/her employment was terminated. No experience shall be allowed during the certified employee's termination because of reduction in force.

## **Article VIII    Lennox District Evaluation of Teacher Performance**

The core purpose of teacher evaluation should be to strengthen the knowledge, skills, dispositions, and classroom practices of professional educators. This goal serves to promote student growth and learning while also inspiring great teachers to remain in the classroom. Comprehensive systems of continuous teacher education and professional growth help teachers master content, refine their teaching skills, critically analyze their own performance and their students' performance, and implement the changes needed to improve teaching and learning. Comprehensive performance assessment systems provide targeted support, assistance, and professional growth opportunities based on teachers' individual needs as well as the needs of their students, schools, and districts. The teacher evaluation process will also provide an effective means by which administrators can make recommendations concerning the continued employment of personnel to the board of education.

In accordance with South Dakota Codified Law and Administrative Rules, the performance standards to be used as a basis for evaluating teacher performance shall be aligned with the Charlotte Danielson Framework. The evaluation requirements include that each teacher be assigned a professional practice rating; a student growth rating based on attainment of student learning objectives; assigned a summative effectiveness rating based on the combination of their professional practice rating and student growth rating; that it will be used to guide professional growth; and provides clear, timely, and useful feedback, including feedback that identifies needs and guides professional development. The summative effectiveness rating assigned to each certified teacher shall be in one of the following categories: Below Expectations, Meets Expectations, or Above Expectations.

At a minimum in accordance with this agreement, a certified teacher in years one through three will be formally evaluated at least once a semester, and a certified teacher in their fourth year and beyond will be formally evaluated at least once a year. Not more than ten (10) working days after the observation, the evaluator will hold a conference with the teacher to present the formal written evaluation, unless, a longer time period is extended by mutual consent of the teacher and evaluator. Each teacher shall have the right to attach a demurral statement to the signature page of the evaluation tool. The demurral statement must be attached to the evaluation with twenty (20) working days of the post-observation/annual conference unless the time period is extended by mutual consent of the teacher and the evaluator.

Each certified teacher will be required to write a Student Learning Objective (SLO) which will target a goal(s) of student growth. The Student Learning Objective will reflect a rigorous, yet realistic expectation of student growth that can be achieved during the instructional period; be written by the teacher and approved by the evaluator; and include district, school, or teacher developed and/or adopted assessments. The SLO shall be written and approved by the appropriate evaluator within two weeks after the start of school; on or before January 15 a midterm conference will be held to discuss progress towards the SLO; and the results of the SLO attainment will be reported to evaluator by the end of the school year.

If determined by the evaluator that a certified teacher in their fourth year and beyond need a Plan of Assistance, such plan shall consist of: a list of the deficiencies; a list of specific objectives or outcomes that the teacher will be expected to carry out to affect the required improvements; a commitment by the teacher to specific positive actions to be taken to correct

the deficiencies; a specific description of the types of assistance to be offered by the evaluator; and a timeline for the completion of the plan of assistance.

The educator's personnel file will be kept in the district central office and will contain business office information, correspondence and a copy of each evaluation. The file will be in the custody of the superintendent. The educator may review the file at any time during office hours. An association representative may accompany the educator or someone designated by the educator in such a review and may obtain copies of any material in the file. No materials derogatory to the educator's conduct, service, character, personality or performance shall be placed in the educator's personnel file unless the educator has had the opportunity to read the material. The materials shall be signed and dated by the teacher indicating he/she has read them.

All certified teachers employed after school year 2015-2016 will not be eligible for the Early Retirement Plan.

2. Any certified teacher who is in or beyond the certified teacher's fifteenth (15) year of continuous employment in Lennox School District 41-4 immediately prior to entering the program and who has attained the minimum age of fifty-four (54) years on or before June 30 of any school year may elect for the early retirement benefit. ## **Article XIV Job Sharing**

Job sharing may be proposed by certified teachers of the school district by filing a detailed plan prior to March 1<sup>st</sup>. The job sharing plan must be approved by the principal and the superintendent. Certified teachers sharing a position shall be granted the same rights and privileges as other part-time teachers with salary and benefits paid in proportion to the amount of time taught. The full position must exist within one building, and only one team is allowed per primary/elementary (PreK-5, middle (6-8) and high school (9-12)). Certified teachers in the specialties area (i.e., speech, Title I, music, special education, etc.) may also apply. These applications will be handled in the same manner as regular classroom teacher applications. The positions must be shared daily or on alternate days of the week, whatever is deemed in the best interests of students.

Job Sharing Teachers will be issued 180 day contracts with the FTE determined by the amount of time they will be teaching during the job sharing school year. All accumulated leave and additional leave provided will be converted to the determined FTE. All other benefits will be paid in proportion to their determined FTE.

For example: A 180 day .5 FTE contract would be issued to a teacher who was teaching 1/2 time. A .5 FTE teacher with forty (40) days accumulated sick leave will have forty (40) .5 FTE sick days at the start of their job sharing school year. The additional ten (10) days granted for sick leave will be ten (10) - .5 FTE sick days and personal leave will be two (2) - .5 FTE personal days. If a .5 FTE teacher chooses to work ninety (90) whole days instead of 180 - .5 days to fulfill their contract, each of the ninety (90) days will be considered two (2) work days or two (2) leave days if a form of leave is being used.

A .5 FTE teacher would receive half (½) of the Board share of health and dental insurance each month.

Certified teachers wishing to leave job sharing and return to a full-time position must notify the superintendent in writing prior to May 1. This request should only be submitted if a full-time position is available in the district. If, for any reason, a job sharing position loses one of the participants during the year, the other teacher will assume a full-time position. Certified teachers in job sharing will not lose previously earned seniority. Upon returning to full-time status all leave and benefits will also revert back to full-time status. This can include teachers that are on the Lennox School District's substitute list.

Please follow steps 1-4 listed below for processing job sharing applications. The application can be denied or rejected at any time during the application process by the principal, superintendent or board of education:

1. Certified Teachers - Complete the application form and give to your immediate supervisor no later than March 1 of the year preceding the request of job sharing.
2. Principal - Review the application, note comments, and, if approved sign, and forward to the superintendent.
3. Superintendent - Review the application, note comments, and, if approved, sign and forward to the school board for their approval no later than the April school board meeting.
4. School Board - Act on the request for job sharing and forward to the business office. Notify certified teachers involved.
